

Dear Fellow Snowrats and Friends

Guess what? That time of year has come again where Steve and I reach out and ask for your help. July 17th is the annual Ride for Kids the we participate in. As always we know that time are tough for all of us, however; we are still hoping that you can find a way and send us a donation. Anything that you can spare would be greatly APPRECIATED. Steve will present the donations in the name of the Snowrats Club.

For those of you who are still new to this let me explain. The Pediatric Brain Tumor Foundation is an organization that raises money for families that have children suffering from brain tumors. This money is used to try and find a cure as well as help the families that need to be outside their homes while their child goes through treatments. This fund raiser is called "The Ride for Kids". It is a motorcycle ride. These rides are put on throughout the US. Steve and I participate in the ride that is out of Utica. More information about this organization can be found at (www.rideforkids.com). SOOOO please fellow Rats, Snowmobilers and Friends open you hearts and wallets and help Steve and I out.

Checks can be made out to the Snowrats or to the Pediatric Brain Tumor Foundation. Again, the ride is set for July 17th. All donations must be in BEFORE Thursday July 14th. So please don't wait. Do it today.

We thank each and everyone of you who can help. Please have a very happy, healthy and safe summer. See you on the trails.

Steve and Vicki Bechtold
